The personal office files of former mayor Alvin G. Fields of East St. Louis, Illinois. Organized by subject, the documents include material for the whole of Field's twenty year tenure as mayor of East St. Louis, but the bulk of the material relates to the period of the 1960's. Many documents relate to the operations of the various departments of the East St. Louis city government, federal and state supported programs for East St. Louis improvement, correspondence with state and federal officials and cooperation with other agencies in the Metro-East area.

The papers are available for examination by authorized scholars on request. A subject inventory of the contents of each box is available.
